GIRLS! ACT NOW! HAIR COMING OUT MEANS DANDRUFF

"Danderine" will save your hair
and double its beauty
at once.

Try this! Your hair gets soft,
wavy, abundant and
glossy at once.

Save your hair. Beautify it! It is only a matter of using a little Danderine occasionally to have a head of heavy, beautiful hair: soft, lustrous, wavy and free from dandruff. It is easy and inexpensive to have pretty charming hair and lots of it. Just spend a few cents for a small bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance. Freshness, fluffiness and incomparable gloss and lustre, and try as you will, you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this—adv.

DEBATE WILL BE HELD AT SCHOOL FRIDAY EVENING

The Ross Rodgers Debating Society will debate with the Milton High School Friday evening in the P. H. S. auditorium at eight o'clock. The Pensacola High School team is composed of Claude Kugelman, Sigmund Solomon and Jack Herskovitz. The subject for the contest is: Resolved: That food control should be made a permanent part of the United States Government. Pensacola High will uphold the negative and Milton has the affirmative.

All who are interested are invited to attend and no admission will be charged.

O'BANNON DRAWS FINE OF \$100 AND 30 DAYS IN JAIL

Alvin O'Bannon, colored, was fined \$100 and costs and sentenced to serve 30 days in jail for confessing to selling liquor without a license, when arraigned in the recorder's court yesterday morning. He was arrested last week by Special Policeman Tarrant. Will Nelson, 227 North Tarragona street, who was arraigned on a charge of selling alcohol, after his arrest by Captain Harper of the police force, had his case continued until other witnesses could be summoned. Richard Whittaker will be given a trial in the city court today on a charge of selling liquor without a license.

DROPSY SPECIALIST
Usually gives quick relief, have entirely relieved many seemingly hopeless cases. Swelling and short breath soon gone. Often gives entire relief in 15 to 25 days. Trial free. Write FREE. DR. THOMAS E. GREEN, SUCCESSOR T. ODR. H. H. GREEN'S SON, Box 2, Chatsworth, Ga.

LABOR BUREAU TO BE PLACED AT NAVAL POST

RETURNING SERVICE MEN, HURT
OR PHYSICALLY FIT TO HAVE
BACKING OF LABOR DEPARTMENT.

Every returning sailor on Marine will have the strong backing of the U. S. Labor Board, through the federal employment service, which will establish this week at the Naval Air Station, a bureau for men who are back from the front, from sea or cantonment duty. Authority from Capt. Bennett has been secured to establish such a bureau and not only will aid be given Pensacola men in securing peace-time employment, but those from other states will be benefitted, through a plan which will communicate with their respective districts.

Especially will an effort be made to place disabled soldiers. Through the co-operation of the board for vocational education, the heroes in blue, and forestry green will be fitted into the right place. A lost arm or leg, a wound or a physical disability will not disqualify him from active service. He will be rehabilitated and placed where he can serve to the best good.

W. V. McNeir, secretary of the district U. S. Employment Service bureau, will be in charge of the work. Mr. McNeir stresses the vital importance of the co-operation of all employers with the board, in placing returning soldiers, especially those from Pensacola and vicinity, whether or not they may be disabled. It is a part of a great reconstruction program which is intended to put society on a pre-war basis.

Men from other states returning through the station will be given all possible information and their cases referred to the federal director.

Soldiers returning through Pensacola will receive the same care as the men of the navy. Their wants will be handled through the city hall office.

PROTEST PAYING OF WITNESS FEES CAUSED BY MACKAY

A protest against paying of witness fees to the amount of \$219.20, brought about by caplases issued by County Solicitor Mackay, was made yesterday to the county commissioners by Gus Soderlin. Soderlin said that the solicitor should be careful, and that the county would be bankrupt if that sort of thing continued. In spite of the protest made, the board refused to hold up the payment of money for fees.

Shipping Notes

The British steamship, Indan, of 5991 tons, Chadwick master, arrived in port yesterday from Galveston, to take on a supply of bunker coal. The big steamer which is about 500 feet in length, and which carries a crew of 50 men, is one of the largest ships to put into this port in some time. She is owned by the Leyland line and was consigned to the John A. Merritt and company.

The ship was drawing 27 feet of water as she entered port, loaded with a miscellaneous cargo. Wharf men pointed to the fact that Pensacola was the only port with deep water facilities to permit the big ship to berth east of Galveston.

The American steamer Nimrod, of 58 tons capacity, Capt. Cogswell, master, arrived here yesterday from the port of St. Andrews, having made the trip to the Deep Water City in good time.

The American steamer Simpson, Captain Ward in charge, arrived yesterday from Mobile, towing the French bark MacMahon. The latter ship is of 1952 tons capacity and has come here to take cargo. She rates a crew of 30 men. Capt. H. Cloaks is master.

The British steamship Largo Law, 2533 tons, Killett, master, arrived yesterday from Galveston, to take on a supply of bunker coal, before resuming her journey. She rates a crew of 48 men.

CONTRACTORS WORRIED WITH CITY CONTRACT

Daniels and Burres, the successful bidding firm for the city installation of surface sanitary closets, has notified the municipal officials that he will "break out" of the proposition, unless the city guarantee him against possible suits.

The threat of H. F. Maneeley to take legal steps if a city contractor should go upon his property for construction work, has caused considerable anxiety to contractors, who bid in for the job.

U. S. ATTORNEY IS ORDERED TO JACKSONVILLE

JOHN L. NEELEY TO REPRESENT
THE GOVT. IN CASE BROUGHT
BY RAILROAD COMMISSION

U. S. District Attorney John L. Neeley leaves today for Jacksonville, where he has been ordered by Attorney General Gregory to represent the federal government in the case brought by the state railroad commission, seeking an injunction against the increased telephone rate ruling of Postmaster General Burleson.

Although the state commission was beaten in their suit before Judge W. B. Sheppard in the federal court here, seeking a federal injunction restraining Postmaster General Burleson in his phone rate case, another suit has been opened in the state court at Jacksonville.

A sharp fight is predicted in the suit there, since the state court is likely to assert jurisdiction in the matter. This is the sole ground which was contested, in the argument here before Judge Sheppard. The ruling here contended that this court was without jurisdiction. State courts are likely to rule otherwise, in their own case, it is predicted.

Assistant District Attorney Earle Hoffman left yesterday for Marianna, where he is representing the government before U. S. Commissioner Bruce, in the case of several negroes charged with violation of postal and express laws.

Quinine That Does Not Affect Head
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. There is only one "Bromo Quinine." E. W. GROVE'S signature on the box. 30c.—adv.

Suggestions to Women "Just Ready to Drop"

When you are "just ready to drop," when you feel so weak that you can hardly drag yourself about—and because you have not slept well, you get up as tired out next morning as when you went to bed, you need help. Vinol will help you just as it did these two women. Why not try it?

HERE IS PROOF

Pittsburgh, Pa.
"I keep house for my husband and myself and I got into a weak, run-down, nervous condition and no appetite. I heard how Vinol helped others and tried it and it built me up so I am strong, have a good appetite and feel better in every way." — Mrs. James Croker.

For all run-down, nervous, anaemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

Holmdel, N.J.
"I live on a farm and am a hard working woman and for weak, run-down, overworked conditions have found nothing that will create an appetite, build me up and make me strong equal to Vinol. It helped several others in our neighborhood, too." — Mrs. Thomas Ellis.

Vinol Creates Strength

White's Pharmacy, Baltimore Drug Company and druggists everywhere.

Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and
phosphate prevents illness
and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxins and poison-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject.

Remember inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.—adv.
